## T1.1 Tender Notice and Invitation to Tender

The Development Bank of Southern Africa Limited invites tenders from experienced firms to work as a PSP for the **Roads and Stormwater Master Plan (RSWMP) and GIS**.

The Tender Document can be uploaded from the DBSA Tender Website as from **28 January 2025**. The DBSA will post any addendums and responses to any queries related to this tender via the DBSA Tender Website. Only written correspondence will be accepted for enquiries.

Queries may be addressed to Mr. Lihle Ndlangamandla and on email(s): [scmqueries@dbsa.org](mailto:scmqueries@dbsa.org) and [LihleSCM@dbsa.org](mailto:LihleSCM@dbsa.org)

The cut-off date for tender enquiries is three (3) working days before tender closing date.

**Compulsory tender briefing session** will take place at the Employers premises (on a virtual platform) as detailed below:

- **Location:** Microsoft Teams
- **MS Teams Link:** [Join the meeting now](#)
  
- **Date:** 03 February 2025
- **Starting Time:** 10h00

The closing time for receipt of tenders is **23H55 (Telkom time) on 19 February 2025** at the electronic **Tender Box provided by DBSA SCM Unit**.

Tenders may only be submitted on the tender documentation that has been issued. Telegraphic, telephonic, telex, facsimile and late tenders will not be accepted. Bidders should ensure that Bids are delivered timeously and to the correct address (reflected on the cover of this document). If the bid is late, or not submitted in the tender box it will not be considered for evaluation.

Requirements for sealing, addressing, delivery, opening and assessment of submissions are stated in the Tender Data. Please continue to visit our website for any changes, alterations, and updates for this tender.

**Tenderers need to submit the following on a Flash drive, with your Hardcopy tender submission:**

- Complete Tender document (pdf)
- All Returnable and additional documents (pdf)
- Bill of Quantities/ Rates/ Price Schedule (pdf & electronically)

**NOTES:**

- i.** The DBSA reserves the right to award the scope in full or part thereof, subject to budget Availability.
- ii.** The subsequent Appointment and Contracting of the successful Tenderer, will be the full & final offer with no option whatsoever to increase the contract amount after award.
- iii.** In the event of a partial award, the DBSA reserves the right for items excluded from the award, to be retendered in a new tender process.
- iv.** Bidders are not guaranteed to be invited again, subject to the DBSA Rotation Principles.
- v.** It is the intention of the DBSA to award the full scope of work to one (01) Professional Service Provider (PSP).
- vi.** The decision to award will be based on best commercial offer and value-for-money principle for the DBSA.
- viii.** Where the next highest ranked bidder is being considered for an offer of award (based on the value-for-money principle), the DBSA reserves the right to negotiate with the next highest ranked bidder in hierarchical order, to ensure the value for money principle is not compromised.
- ix.** In cases where negotiations are unsuccessful, the DBSA may revert to a higher ranked bidder.

## T1.2 Tender Data`

The conditions of tender are the Standard Conditions of Tender as contained in **Annex F** of Board Notice 136 Government Gazette No 38960 of 10 July 2015, Construction Industry Development Board (CIDB) Standard for Uniformity in Construction Procurement. (See [www.cidb.org.za](http://www.cidb.org.za)), to which tenderers are referred to for their information purposes in relation to this Tender Data.

The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the standard conditions of tender. Each item of data given below is cross-referenced to the clause in the Standard Conditions of Tender to which it mainly applies.

**The following variations, amendments and additions to the Standard Conditions of Tender as set out in the Tender Data below shall apply to this tender:**

Clause number	Tender Data
F.1.1	The Employer is the <b>Development Bank of Southern Africa Limited.</b>
F 1.1.4	The Employer aims to award full scope of works as follows: Only one Professional Services Provider (PSP) will be appointed to undertake the project.
F.1.2	The Tender Documents issued by the Employer consists of the following documents: <b>THE TENDER</b> <b>Part T1: Tendering procedures</b> T1.1 - Tender notice and invitation to tender T1.2 - Tender data <b>Part T2: Returnable documents</b> T2.1 - List of returnable documents T2.2 - Returnable schedules <b>THE CONTRACT</b> <b>Part C1: Agreements and Contract data</b> C1.1 - Form of offer and acceptance C1.2 - Contract data C1.3 - Occupational Health and Safety Agreement <b>Part C2: Pricing data</b> C2.1 - Pricing Assumptions C2.2 - Pricing Data <b>Part C3: Scope of work</b> C3 - Scope of work <b>Part C4 : Site information</b> C4.1 Site information  <b>CIDB Professional Services Contract, Edition 3, (July 2009)</b>
F.1.4	The Employer's Agent, for the purposes of any communication between the employer and tenderer, is: <b>Development Bank of Southern Africa</b> Name: <b>Mr. Lihle Ndlangamandla</b> Address: 1258 Lever Road, Headway Hill, Midrand, Gauteng Tel: (011) 313 3409 Fax: (011) 206 3409 E-mail: <a href="mailto:scmqueries@dbsa.org">scmqueries@dbsa.org</a> and <a href="mailto:LihleSCM@dbsa.org">LihleSCM@dbsa.org</a>

Clause number	Tender Data																																	
	Attention is drawn to the fact that verbal information given by the employer's agent prior to the close of tenders will not be regarded as binding on the Employer. Only information issued formally by the employer in writing to tenderers will be regarded as amending the tender documents																																	
F 1.5	The employer reserves the right to reject award to the highest scoring tenderer (as calculated according to Clause F13.11.5 should the offer pose a commercial {and/or} delivery risk to the successful completion of the project and the Employer.

<b>CSD Registration Number:</b>	
---------------------------------	--

**T2.2.7 BID COMMITMENT AND DECLARATION OF INTEREST**

**PART A: BID COMMITMENT**

1. I/We hereby bid to supply all or any of the supplies and/or to render all or any of the services described in the attached tender documents to the Development Bank of Southern Africa (DBSA), on the terms and conditions and in accordance with the specifications stipulated in the tender documents (and which shall be taken as part of, and incorporated into, this tender) at the prices and on the terms regarding time for delivery and/or execution inserted therein.
2. I/We agree that -
  - a) the offer herein shall remain binding upon me/us and open for acceptance by the DBSA during the validity period indicated and calculated from the closing time of the bid.
  - b) this tender and its acceptance shall be subject to the terms and conditions contained in the tender documents and Preference Points Claim Form – General Conditions and Definitions of the Preferential Procurement Policy Framework Act – PPPFA 2017 with which I am/we are fully acquainted.
  - c) if I/we withdraw my/our tender within the period for which I/we have agreed that the tender shall remain open for acceptance, or fail to fulfil the contract when called upon to do so, the DBSA may, without prejudice to its other rights, agree to the withdrawal of my/our tender or cancel the contract that may have been entered into between me/us and the DBSA and I/we will then pay to the DBSA any additional expense incurred by the DBSA having either to accept any less favourable tender or, if fresh tenders have to be invited, the additional expenditure incurred by the invitation of fresh tenders and by the subsequent acceptance of any less favourable tender; the DBSA shall also have the right to recover such additional expenditure by set-off against moneys which may be due or become due to me/us under this or any other tender or contract or against any guarantee or deposit that may have been furnished by me/us or on my/our behalf for the due fulfilment of this or any other tender or contract and pending the ascertainment of the amount of such additional expenditure to retain such moneys, guarantee or deposit as security for any loss the DBSA may sustain by reason of my/our default;
  - d) if my/our tender is accepted the acceptance may be communicated to me/us by letter or order by ordinary post or registered post and that SA Post Office Ltd shall be regarded as my/our agent, and delivery of such acceptance to SA Post Office Ltd shall be treated as delivery to me/us;
  - e) the law of the Republic of South Africa shall govern the contract to be created by the acceptance of my/our tender and that I/we choose *domicile citandi et executandi* in the Republic at (full address of this place);

FULL ADDRESS	
--------------	--

3. I/We furthermore confirm that I/we have satisfied myself/ourselves as to the correctness and validity of my/our tender; that the price(s) and rate(s) quoted cover all the work/item(s) specified in the tender documents and that the price(s) and rate(s) cover all my/our obligations under a resulting contract and that I/we accept that any mistakes regarding price(s) and calculations will be at my/our risk.

4. I/We hereby accept full responsibility for the proper execution and fulfilment of all obligations and conditions devolving on me/us under this agreement as the principal(s) liable for the due fulfilment of any contract, which might be awarded based on this offer.
5. I/We agree that any action arising from the contract to be entered, may in all respects be instituted against me/us and I/we hereby undertake to satisfy fully any sentence or judgment which may be pronounced against me/us as a result of such action.
6. I/We declare that I/we have participation/no participation\* in the submission of any other offer for the supplies/services described in this tender document. If in the affirmative, state names(s) of Tenderer(s) involved

\* Delete whichever is not applicable.

- a) It is a requirement of this tender that the latest financial statements for the last three financial years are required. Tenderers are to affix the financial statements to this schedule.
- b) Financial statements must be signed by the auditor (in the case of companies) or the accounting officer (in the case of close corporations) the owner (in case of sole proprietors). Signatures must be on the accounting officer's / auditors report on the auditor's /accounting officer's letterhead.
- c) Financial statements must be signed by the member/s (in the case of close corporations) or by the director/s (in the case of companies.)
- d) In bids where consortia/joint ventures/sub-contractors and partnerships are involved; all Tenderers must submit their financial statements.
- e) If it is a new or dormant entity an opening set of financial statements must be submitted with the tender document. A letter from the auditor (in the case of companies) or the accounting officer (in the case of close corporations) stating that the entity has not yet traded must be attached.
- f) In cases where an entity has operated for a period less than a year the Management Accounts Report for the period in operation must be submitted signed accordingly as stated in paragraph (a) and (b) of this document.
- g) In cases where the entity has operated for a period more than a year but less than two years, then the financial statement for the first year of operation signed accordingly as per paragraph (a) and (b) of this document must be submitted.
- h) Financial Statements should at all times be original and not faxed copies.

**NB: Failure to submit the financial statement as stated above may result in disqualification of the bid.**

**T2.2.10 CERTIFICATE OF INDEPENDENT BID DETERMINATION [SBD 9]**

**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregards the bid of any Tenderer if that Tenderer, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancels a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

I, the undersigned, in submitting the accompanying bid:

{(Bid (Tender) Number and Description)}

in response to the invitation for the bid made by:

\_\_\_\_\_  
(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: \_\_\_\_\_ that:

[Name of Tenderer (Tenderer)]

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the Tenderer to sign this Certificate, and to submit the accompanying bid, on behalf of the Tenderer;
4. Each person whose signature appears on the accompanying bid has been authorized by the Tenderer to determine the terms of, and to sign the bid, on behalf of the Tenderer;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the Tenderer, whether or not affiliated with the Tenderer, who:
  - (a) Has been requested to submit a bid in response to this bid invitation;
  - (b) Could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities, or experience; and
  - (c) Provides the same goods and services as the Tenderer and/or is in the same line of business as the Tenderer
6. The Tenderer has arrived at the accompanying bid independently from, and without consultation, communication, agreement, or arrangement with any competitor. However, communication between partners in a joint venture or consortium<sup>3</sup> will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
  - (a) prices;
  - (b) geographical area where product or service will be rendered (market allocation)
  - (c) methods, factors or formulas used to calculate prices;

- (d) the intention or decision to submit or not to submit, a bid;
  - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
  - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
  9. The terms of the accompanying bid have not been, and will not be, disclosed by the Tenderer, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
  10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

Name of Tenderer (Tenderer)

<sup>3</sup> **Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.**

**T2.2.11**

**PROFESSIONAL INDEMNITY INSURANCE**

The tenderer is referred to clause F.2.1. of the Tender Data and shall state below details of the professional indemnity insurance held by the tenderer. Where the tenderer is a joint venture, consortium or association, each party to the joint venture must submit details of their professional indemnity insurance. Proof of insurance or confirmation from a reputable Insurance Broker that the tenderer is eligible for the prescribed professional indemnity insurance cover should he/she be awarded the contract, must be appended to this schedule.

<b>DETAILS OF PROFESSIONAL INDEMNITY INSURANCE</b>		
<b>NAME OF INSURED</b>	<b>NAME OF INSURER</b>	<b>LIMIT OF INDEMNITY IN RESPECT OF EACH CLAIM</b>

**SIGNED ON BEHALF OF TENDERER:** .....

**Date:** .....

**T2.2.12 PREFERENCING SCHEDULES: BBEE**

**PREFERENTIAL PROCUREMENT POLICY FRAMEWORK ACT, 2000: PREFERENTIAL  
PROCUREMENT REGULATIONS, 2017**

This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

**NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF B-BBEE, AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2017.**

**1. GENERAL CONDITIONS**

1.1 The following preference point systems are applicable to all bids:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 The value of this bid is estimated to {not exceed} R50 000 000 (all applicable taxes included) and therefore the {80/20} preference point system shall be applicable.

1.3 Preference points for this bid shall be awarded for:

- (a) Price; and
- (b) B-BBEE Status Level of Contribution.

1.4 The maximum points for this bid are allocated as follows:

ITEM / DESCRIPTION	POINTS
<b>PRICE</b>	<b>80</b>
<b>B-BBEE STATUS LEVEL OF CONTRIBUTION</b>	<b>20</b>
<b>TOTAL POINTS FOR PRICE AND B-BBEE MUST NOT EXCEED</b>	<b>100</b>

1.4.1 if it is unclear which preference point system will be applicable, either the 80/20 or 90/10 preference point system will apply and the lowest acceptable tender will be used to determine the applicable preference point system.

1.5 Failure on the part of a bidder to submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS), or a Registered Auditor approved by the Independent Regulatory Board of Auditors (IRBA) or a sworn affidavit confirming annual turnover and level of black ownership in case of an EME and QSE together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.6 The purchaser/employer reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser/employer.

## 2. DEFINITIONS

- (a) **“all applicable taxes”** includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies;
- (b) **“B-BBEE”** means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;
- (c) **“B-BBEE status level of contributor”** means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;
- (d) **“bid”** means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised competitive bidding processes or proposals;
- (e) **“Broad-Based Black Economic Empowerment Act”** means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- (f) **“comparative price”** means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;
- (g) **“consortium or joint venture”** means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;
- (h) **“contract”** means the agreement that results from the acceptance of a bid by an organ of state;
- (i) **“EME”** means an Exempted Micro Enterprise as defines by Codes of Good Practice under section 9 (1) of the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- (j) **“Firm price”** means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;
- (k) **“functionality”** means the measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder;
- (l) **“non-firm prices”** means all prices other than “firm” prices;
- (m) **“person”** includes a juristic person;
- (n) **“QSE”** means a Qualifying Small EEnterprise as defines by Codes of Good Practice under section 9 (1) of the Broad-Based Black Economic Empowerment Act, 2003 ( Act No. 53 of 2003);
- (o) **“rand value”** means the total estimated value of a contract in South African currency, calculated at the time of bid invitations, and includes all applicable taxes and excise duties;
- (p) **“sub-contract”** means the primary contractor’s assigning, leasing, making out work to, or employing, another person to support such primary contractor in the execution of part of a project in terms of the contract;
- (q) **“total revenue”** bears the same meaning assigned to this expression in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act and promulgated in the *Government Gazette* on 9 February 2007;
- (r) **“trust”** means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person; and

(s) “trustee” means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

### 3. ADJUDICATION USING A POINT SYSTEM

- 3.1 The bidder obtaining the highest number of total points will be awarded the contract, subject to “Other Objective Criteria” listed under the Tender Data.
- 3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts.
- 3.3 Points scored must be rounded off to the nearest 2 decimal places.
- 3.4 In the event that two or more bids have scored equal total points, the successful bid must be the one scoring the highest number of preference points for B-BBEE.
- 3.5 However, when functionality is part of the evaluation process and two or more bids have scored equal points including equal preference points for B-BBEE, the successful bid must be the one scoring the highest score for functionality.
- 3.6 Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

### 4. POINTS AWARDED FOR PRICE

#### 4.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

**80/20**

or

**90/10**

$$P_s = 80 \left( 1 - \frac{P_t - P_{\min}}{P_{\min}} \right) \quad \text{or} \quad P_s = 90 \left( 1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where

$P_s$  = Points scored for comparative price of bid under consideration

$P_t$  = Comparative price of bid under consideration

$P_{\min}$  = Comparative price of lowest acceptable bid

### 5. POINTS AWARDED FOR B-BBEE STATUS LEVEL OF CONTRIBUTION

- 5.1 In terms of Regulation 6 (2) and 7 (2) of the Preferential Procurement Regulations, preference points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	6	14
4	5	12
5	4	8

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

- 5.2 A bidder who qualifies as an EME in terms of the B-BBEE Act must submit a sworn affidavit confirming Annual Total Revenue and Level of Black Ownership.
- 5.3 A Bidder other than EME or QSE must submit their original and valid B-BBEE status level verification certificate or a certified copy thereof, substantiating their B-BBEE rating issued by a Registered Auditor approved by IRBA or a Verification Agency accredited by SANAS.
- 5.4 A trust, consortium or joint venture, will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.
- 5.5 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid.
- 5.6 Tertiary Institutions and Public Entities will be required to submit their B-BBEE status level certificates in terms of the specialized scorecard contained in the B-BBEE Codes of Good Practice.
- 5.7 A tenderer may not be awarded points for B-BBEE status level of contributor if the tender documents indicate that the tenderer intends subcontracting more than 25% of the value of the contract to any other person not qualifying for at least the points that the tenderer qualifies for, unless the intended subcontractor is an EME that has the capability to execute the subcontract
- 5.8 A tenderer awarded a contract may not sub-contract more than 25% of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the tenderer concerned, unless the contract is sub-contracted to an EME that has the capability and ability to execute the sub-contract.

**6. BID DECLARATION**

- 6.1 Bidders who claim points in respect of B-BBEE Status Level of Contribution must complete the following:

**7. B-BBEE STATUS LEVEL OF CONTRIBUTION CLAIMED IN TERMS OF PARAGRAPHS 1.4 AND 5.1**

- 7.1 B-BBEE Status Level of Contribution: = .....(maximum of 10 or 20 points)

(Points claimed in respect of paragraph 7.1 must be in accordance with the table reflected in paragraph 5.1 and must be substantiated by means of a B-BBEE certificate issued by a Verification Agency accredited by SANAS or a Registered Auditor approved by IRBA or a sworn affidavit.

**8. SUB-CONTRACTING**

- 8.1 Will any portion of the contract be sub-contracted?

*(Tick applicable box)*

YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
-----	--------------------------	----	--------------------------

8.1.1 If yes, indicate:

i) What percentage of the contract will be subcontracted: .....%

ii) The name of the sub-contractor:

.....

iii) The B-BBEE status level of the sub-contractor: .....

iv) Whether the sub-contractor is an EME/ QSE.

**(Tick applicable box)**

YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
-----	--------------------------	----	--------------------------

**9. DECLARATION WITH REGARD TO COMPANY/FIRM**

**T2.2.14 EVALUATION SCHEDULE: PROPOSED METHODOLOGY AND APPROACH**

The proposed methodology and approach paper must respond to the scope of work and outline the proposed approach / methodology including that relating to development facilitation, environment, health and safety. The approach paper should articulate what value-add the respondent will provide in achieving the stated objectives for the project.

**The paper should incorporate the following key aspects**

- a) Technical approach and methodology should explain the tenderer's understanding of the project objectives. It should highlight the issues of importance and explain the technical approach they will adopt to address them. The paper should explain the methodology, which are to be adopted, demonstrate the compatibility of these methodology with the proposed approach and address any modifications required to complete the proposed scope of work.
- b) Management method should be developed and approved during the project planning phase to confirm major deliverables/milestone and acceptance criteria. It should also be used to manage approved project processes and responsibilities.
- c) Project audits, reviews and approval by client, which will identify the project audits, reviews and approval process of project phase by DBSA that will be performed and describe how the results of these audits and reviews will be factored into the project planning discuss the process of lessons-learned reviews and how those lessons can benefit the project.

The approach paper should not be longer than five (5) pages. The scoring of the methodology and approach will be as follows

Evaluation criteria	Scoring (for whole or each sub-element where applicable)	Maximum number of points
<p><b>Proposed Methodology and Approach:</b></p> <p>Details of the proposed methodology and approach that the Tenderer intends to follow with regards to the effective provision of the professional services required for the development or updating of the infrastructure master plan of the Municipality.</p>	<p><b>Excellent = 20 points</b> The important issues are approached in an innovative and efficient way, indicating that the Tenderer has outstanding knowledge of state-of-the-art approaches. The approach paper details ways to improve the project outcomes and the quality of the outputs</p>	20
	<p><b>Good = 18 points</b> The approach is specifically tailored to address the specific project objectives and methodology and is sufficiently flexible to accommodate changes that may occur during execution. The quality plan and approach to managing risk etc. are specifically tailored to the critical characteristics of the project.</p>	
	<p><b>Acceptable = 14 points</b> The approach is generic and not necessarily tailored to address the specific project objectives. The approach does not meaningfully deal with the critical characteristics of the project. The quality plan, and approach to managing risk etc. are too generic.</p>	
	<p><b>Poor = 8 points</b> The technical approach and / or methodology is poor / is unlikely to satisfy project objectives or requirements. The Tenderer has misunderstood certain aspects of the scope of work and does not deal with the critical aspects of the project.</p>	
	<p><b>Non-responsive = 0 points</b> No response. Failed to address the methodology and approach.</p>	

The undersigned, who warrants that he / she is duly authorized to do so on behalf of the enterprise, confirms that the contents of this schedule are within my personal knowledge and are to the best of my belief both true and correct.

<b>Respondent:</b>	

**T2.2.15 EVALUATION SCHEDULE: EXPERIENCE OF THE TENDERER'S  
PROPOSED KEY EXPERTS**

The tenderer shall provide information in respect of the key personnel who will be engaged on the contract by completing this schedule.

- a) The tenderer must consult the Tender Documentation which indicates the list of minimum key personnel required as well as qualifications.
- b) All the key staff shall be proficient in the use (both verbal and written) English language.
- c) In addition to the Personnel Schedule, the Tenderer shall also provide a Contract project organisational chart showing the team composition for each activity/phase/stage giving the team member names (only key team members need be included by name), position on team, and reporting relationship to other team members.
- d) Key professional staff of the tenderer should be permanently employed forming part of the Tenderer or have an extended and stable working relationship with the applicable Bidder. In addition, the staff should be readily available to the employer for discussions at, typically, less than a week's notice.
- e) Key expert to be professionally registered with the relevant professional body.

**Schedule T2.2.15: Summarized Details of Qualifications and Experience of Tenderer's Proposed Key Resources / Experts**

<b>KEY EXPERT 1: PROJECT MANAGER &amp; TEAM LEADER – CIVIL ENGINEER</b>				
NAME	CURRENT JOB TITLE	QUALIFICATIONS AND PROFESSIONAL REGISTRATION & REGISTRATION Nr	YEARS OF POST-REGISTRATION EXPERIENCE	DETAILS OF ROADS AND STORMWATER MASTER PLANS (RSWMP) DEVELOPED IN THE PAST 10 YEARS AND ROLE PLAYED BY THE KEY EXPERT IN THE MUNICIPAL SPHERE WITHIN SOUTH AFRICA.
<b>KEY EXPERT 2: CIVIL ENGINEER – ROADS AND STORM WATER PLANNING, MANAGEMENT AND OPERATIONS</b>				
NAME	CURRENT JOB TITLE	QUALIFICATIONS AND PROFESSIONAL REGISTRATION & REGISTRATION Nr	YEARS OF POST-REGISTRATION EXPERIENCE	DETAILS OF ROADS AND STORM WATER MASTER PLANS (RSWMP) DEVELOPED IN THE PAST 10 YEARS AND ROLE PLAYED BY THE KEY EXPERT IN THE MUNICIPAL SPHERE WITHIN SOUTH AFRICA.
<b>KEY EXPERT 3: DEVELOPMENT PLANNER (MUNICIPAL INFRASTRUCTURE)</b>				
NAME	CURRENT JOB TITLE	QUALIFICATIONS AND PROFESSIONAL REGISTRATION & REGISTRATION Nr	YEARS OF POST-REGISTRATION EXPERIENCE	DETAILS OF DEVELOPMENT PLANNING PROJECTS COMPLETED IN THE LAST 10 YEARS IN THE MUNICIPAL SPHERE AND ROLE PLAYED BY THE KEY EXPERT

**KEY EXPERT 4: FINANCIAL ANALYST / INFRASTRUCTURE INVESTMENT ANALYST**

NAME	CURRENT JOB TITLE	QUALIFICATIONS AND PROFESSIONAL REGISTRATION & REGISTRATION Nr	YEARS OF POST-REGISTRATION EXPERIENCE	DETAILS OF FINANCIAL/INFRASTRUCTURE INVESTMENT ANALYSIS PROJECTS COMPLETED IN THE LAST 10 YEARS AND ROLE PLAYED BY THE KEY EXPERT

**KEY EXPERT 5: GEO-INFORMATION SCIENCE (GIS) EXPERT**

NAME	CURRENT JOB TITLE	QUALIFICATIONS AND PROFESSIONAL REGISTRATION & REGISTRATION Nr	YEARS OF POST-REGISTRATION EXPERIENCE	DETAILS OF GEO-INFORMATION PROJECTS COMPLETED IN THE LAST 10 YEARS AND ROLE PLAYED BY THE KEY EXPERT

**KEY EXPERT 6: ENVIRONMENTAL MANAGEMENT PRACTITIONER**

NAME	CURRENT JOB TITLE	QUALIFICATIONS AND PROFESSIONAL REGISTRATION & REGISTRATION Nr	YEARS OF POST-REGISTRATION EXPERIENCE	SUMMARY OF POST-REGISTRATION EXPERIENCE IN THE PROVISION OF ENVIRONMENTAL MANAGEMENT SERVICES IN SOUTH AFRICA.

**Key experts not achieving the eligibility requirements of clause F.2.1 (reproduced in the Table below) will be non-responsive and therefore will not be considered:**

ID	Key Resource / Expert	No.	Minimum Qualifications, Category of Professional Registration and Experience	Key Service(s) Discipline
1	Project Manager and Team Leader: Civil Engineering	x1	Registration as a Professional Engineer or as a Professional Engineering Technologist in terms of the Engineering Professions Act, 2000. Must have at least <b>10 years' post-registration</b> experience in development of Roads and Stormwater Master Plans in the municipal sphere in South Africa.	Project Leadership, Management and Coordination
2	Civil Engineer: Roads and Stormwater Services Planning, Management and Operations	x1	Registration as a Professional Engineer or as a Professional Engineering Technologist in terms of the Engineering Professions Act, 2000. Must have at least <b>5 years' post-registration</b> experience in the development or updating of Roads and Stormwater Master Plans (RSWMP), in South Africa.	Civil Engineering Services
3	Development Planner (Municipal Spatial Planning)	x1	Registration as a Professional Planner in terms of the Planning Professions Act, 2003, with at least <b>5 years' post-registration experience</b> in development of municipal spatial development frameworks (MSDF) and in development planning in the municipal and/or public sector in South Africa. Tender

**Tender No. RFP010/2025:  
Development of Roads and Stormwater Master Plan (RSWMP) and GIS in  
support of Lepelle-Nkumpi Local Municipality.**

--	--	--	--	--

Please, note that failure to submit Reference Letter (on the Client Letterhead) of the completed previous work will automatically result to the experience not recognised. The reference should be addressed to one of the bidding organisation(s). With respect to subcontracted References, note that subcontracted professional services will need to be confirmed by the Client or Implementing Agent of the project.

### Reference Letter Template 1

Where a tenderer does not have a reference letter from client/s that is on client's letterhead, the reference letter template must be completed in full by the referee and included in the tender submission. A separate form must be completed for each reference required in the evaluation of the tender's experience and therefore failure to adhere to this requirement will result in such tender not considered in this section. Note that Tenderers are required to fulfil this requirement separately for each category they wish to be considered.

The following evaluation criteria will be used for Experience / Track Record of the Tendering Entity

<b>EXPERIENCE / TRACK RECORD OF THE TENDERING ENTITY IN EXECUTING WORK OF SIMILAR NATURE</b>		<b>30</b>
Tenderer`s completed Roads and Stormwater Master Plans within municipalities and South Africa.	<b>Excellent:</b> 5 macro- plans and above = 20 points <b>Good:</b> 4 macro- plans = 18 points <b>Acceptable:</b> 3 macro-plans = 14 points <b>Poor:</b> 2 macro-plans = 8 points <b>Non-responsive:</b> 1 and 0 macro- plans = 0 points	20
Tenderer has successfully implemented Water Services, Roads, and Waste Management projects from project planning, design, monitoring and supervision and commissioning stage (as a consultant or Professional Service Provider) within municipalities and South Africa.	<b>Excellent:</b> 5 projects and above = 10 points <b>Good:</b> 4 projects = 9 points <b>Acceptable:</b> 3 projects = 7 points <b>Poor:</b> 2 projects = 4 points <b>Non-responsive:</b> 1 or 0 projects = 0 points	10

**LETTER OF REFERENCE**

*[To be provided by each Employer cited in SCHEDULE T2.2.16]*

**TO WHOM IT MAY CONCERN**

This letter serves to confirm that the Tenderer.....  
successfully provided the professional services described below and cited in SCHEDULE  
T2.2.16:

***Description of Professional Services Provided by the Tenderer in Development of  
Roads and Stormwater Master Plans and/or Design and Implementation of Roads  
Services Projects:***

.....  
.....  
.....  
.....

I, the undersigned, duly authorised to do so on behalf of the Employer providing this  
reference, confirm that the content of this schedule is to the best of my belief both true and  
correct.

Signed:		Date:

### **T2.2.18 SKILLS TRANSFER**

The Skills and knowledge Transfer approach must respond to the proposed Scope of Work and outline the proposed approach/ methodology and should include the following:

**Capacitation for the Concerned Municipal Employees to be able to understand, update and implement the plan.** This will explain the tenderer's understanding of the initiative's objectives. It will highlight the processes/ resources in place and provisions that will be made available to achieve this objective.

The scoring of the Skills Transfer approach paper will be as follows (maximum **10 points**)

<b>Level of Response</b>	<b>Transfer of Skills/ Knowledge</b>	<b>Score in Points</b>
<b>Excellent</b>	In addition to meeting the Employer's requirements on skills transfer, the Tenderer has sufficiently demonstrated that they have prior experience and ability on skills and knowledge transfer	10
<b>Good</b>	The Skills and Knowledge proposal was specifically tailored for the project and the Employer's objectives as described in the scope of work	9
<b>Acceptable</b>	The Skills and Knowledge proposal does not address all the project's objectives, but it somehow aligns with the scope of works.	7
<b>Poor</b>	The skills and knowledge proposals are non-specific, and it does not relate to project's objectives.	3
<b>No Response</b>	No Skills and Knowledge Transfer submission made	0

The undersigned, who warrants that he / she is duly authorized to do so on behalf of the enterprise, confirms that the contents of this schedule are within my personal knowledge and are to the best of my belief both true and correct.

**Pages**

<b>C1.1</b>	<b>Form of Offer and Acceptance (Lepelle-Nkumpi LM).....</b>	<b>67</b>
<b>C1.2</b>	<b>Contract Data .....</b>	<b>71</b>
<b>C1.3</b>	<b>Occupational Health and Safety Agreement .....</b>	<b>78</b>

**C1.1 FORM OF OFFER AND ACCEPTANCE – LEPELLE-NKUMPI LM**

**C1.1.1 Offer**

The Employer, identified in the acceptance signature block, has solicited offers to enter into a contract for the procurement of: **TENDER No: RFP010/2025: Development of Roads and Stormwater Master Plan (RSWMP), and Global Information System (GIS) – Lepelle-Nkumpi Local Municipality.**

The tenderer, identified in the offer signature block, has examined the documents listed in the tender data and addenda thereto as listed in the returnable schedules, and by submitting this offer has accepted the conditions of tender.

By the representative of the tenderer, deemed to be duly authorized, signing this part of this form of offer and acceptance, the tenderer offers to perform all of the obligations and liabilities of the service provider under the contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the conditions of contract identified in the contract data.

**THE OFFERED TOTAL OF THE PRICES INCLUSIVE OF VALUE ADDED TAX IS:**

{Rand} .....

.....(in words);

{R} ..... (in figures).

This offer may be accepted by the employer by signing the acceptance part of this form of offer and acceptance and returning one copy of this document to the tenderer before the end of the period of validity stated in the tender data, whereupon the tenderer becomes the party named as the service provider in the conditions of contract identified in the contract data.

**C1.1 FORM OF OFFER AND ACCEPTANCE – LEPELLE-NKUMPI LM (Continued)**

**C1.1.2 Acceptance**

By signing this part of this form of offer and acceptance, the Employer identified below accepts the tenderer's offer. In consideration thereof, the Employer shall pay the service provider the amount due in accordance with the conditions of contract identified in the contract data. Acceptance of the tenderer's offer shall form an agreement between the employer and the tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract, are contained in:

- Part C1: Agreements and contract data, (which includes this agreement)
- Part C2: Pricing data
- Part C3: Scope of work.
- Part C4: Site information

and drawings and documents or parts thereof, which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the tender data and any addenda thereto as listed in the returnable schedules as well as any changes to the terms of the offer agreed by the tenderer and the employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this form of offer and acceptance. No amendments to or deviations from said documents are valid unless contained in this schedule.

The tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the employer's representative (whose details are given in the contract data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of contract identified in the contract data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed original copy of this document, including the schedule of deviations (if any). Unless the tenderer (now contractor) within five working days of the date of such receipt notifies the employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the parties.

## C1.2 CONTRACT DATA

### Part 1: Contract Data provided by the Employer

#### GENERAL CONDITIONS OF CONTRACT

The General Conditions of Contract are the **CIDB's Standard Professional Services Contract (July 2009) (Edition 3 of CIDB document 1015)**, as published by the Construction Industry Development Board.

Copies of these General Conditions of Contract may be obtained from the Construction Industry Development Board's website [www.cidb.org.za](http://www.cidb.org.za). Copies of the General Conditions of Contract are also available for inspection and scrutiny at the offices of the Employer.

The pro-forma attached to the Standard Professional Services Contract (July 2009) on pages 17 to 24 shall not apply to this Contract and shall be replaced with the documentation bound into this Contract Document.

The General Conditions of Contract make several references to the Contract Data for specific data, which together with the standard contract collectively describe the risks, liabilities and obligations of the contracting parties and the procedures for the administration of the Contract. The Contract Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the General Conditions of Contract.

The General Conditions of Contract shall be read in conjunction with the variations, amendments and additions set out in the Contract Specific Data below. Each item of data given below is cross-referenced to the clause in the General Conditions of Contract to which it mainly applies.

#### CONTRACT SPECIFIC DATA

The following contract specific data is applicable to this Contract:

##### Clause 1:

*Add the following to the definition of **Employer**:*

The **Employer** is the **Development Bank of Southern Africa Limited**

*The definition of **Project**:*

The project is the **development of Roads and Stormwater Master Plan (RSWMP) and GIS in support of Lepelle-Nkumpi Local Municipality.**

*Add the following to the definition of **Period of Performance**:*

The period of performance **from the Start Date** for the development of various infrastructure master plans is Fifteen (15) months.

*Add the following to the definition of **Service Provider**:*

The contracting party may also be a consortium/joint venture contracting as a formally constituted Joint Venture Partnership, in which all parties are jointly and severally liable. In terms of this definition, the words consortium and joint venture shall be regarded as synonymous.

*Add the following to the definition of **Start Date**:*

The Start Date is the date when the tenderer/Service Provider is introduced to the Municipality.

**Clause 3.4 and Clause 4.3.2:**

*Add the following:*

The authorized and designated representative of the Employer is: **Mr. Lebogang Seperepere:  
Development Bank of Southern Africa (DBSA)**

The address for receipt of communications is:

Telephone: (011)3133911.....  
Facsimile: (011)206 3609.....  
E-mail: lebogangs2@dbsa.org.....  
Postal Address: P. O. Box 1234, Halfway House 1685  
.....  
Physical Address: 1258 Lever Road, .....  
Headway Hill, Midrand.....  
Gauteng Province.....  
.....

**Clause 3.5:**

*Add the following:*

The location for the performance of the Project will be the respective municipal offices of Lepelle-Nkumpi Local Municipality, its respective municipal area, the Offices of the DBSA, as well as the Offices of the Tenderer.

**Clause 3.9.1 and Clause 3.9.2:**

*Add the following:*

The Service Provider shall not be entitled to apply to the Employer for an upward change (increase) in the Contract Price during the Period of Performance. Any changes to the Period of Performance that are granted by the Employer shall be without additional costs, as these changes shall be granted without any increase in the Contract Price.

**Clause 3.9.3**

*Add the following:*

The time-based fees (hourly rates) used to determine changes to the Contract Price are as stated in the Pricing Data. These are only applicable for additional Services requested and approved by the Employer, which are not part of the initial Services stipulated in the Scope of Work.

**Clause 3.12.1**

*Add the following:*

The weekly penalty is 2.5% of the Contract Price up to a maximum amount of 100% of the Contract Price shall apply.

**Clause 3.15.1:**

*Add the following:*

The programme shall be submitted within 14 days of receipt by the Employer of the Service Provider's signed acceptance of the Employer's letter of the Service provider's appointment and the contents thereof.

**Clause 3.16.2:**

*Add the following:*

The indices are those contained in Table A of the P0141 Consumer Price Index for the CPI for all services published by Statistics South Africa.

**Clause 4.7**

*Add the following:*

For payment purposes, refer to Part C2.1: Pricing Assumptions for the basis and assumptions on the pricing and based on payment.

Insert:

4.7.1 Payment to the Service Provider shall be upon the completion of the following:

- a) The achievement (completion) of specific deliverables associated with the provision of the respective required services.
- b) Sign off (approval and acceptance) of the completed deliverables by the Project Steering Committee (PSC) established between the Employer and the beneficiary Municipality on the project.
- c) Sign off by the beneficiary Municipality's authorized representative, of the Employer's Disbursement Claim Form.
- d) Submission by the Service Provider to the Employer of the relevant invoice together with the above items of supporting and approval documentation.

4.7.2 Any payment made to the Service Provider shall remain due and refundable to the Employer on first demand in the event that the Service Provider is unable to pay for services rendered by other service providers on behalf of the Employer, the contract has come to an end, and or there was an over claim and payment failing which the Employer shall be entitled to withhold any payments due to the service provider.

**Clause 5.4.1:**

*Add the following:*

The Service Provider is required to take out, and maintain, for the full duration of the performance of this contract, the following insurance cover:

1. **Professional Indemnity Insurance** providing cover in an amount of not less than submitted offer in respect of each claim during the period of performance.
2. **Public Liability Insurance** with a limit of indemnity of not less than R10 000 000 (R10 million) for any single claim, the number of claims to be unlimited during the contract period.
3. **Insurance in terms of the provisions of the Compensation for Occupational Injuries and Diseases (COID) Act, Act No 130 of 1993.**

And shall provide proof of insurance with its tender and or within seven (7) days of the Letter of Appointment.

The Service Provider shall ensure that any contractor and subcontractors engaged in construction activities shall, in addition to the Public Liability and COID Act Insurances as described above, also take out and maintain contractors all risks insurance to the value of the work being undertaken plus 10%.

**Clause 5.5:**

*Add the following:*

The Service Provider is required to obtain the Employer's prior approval in writing before taking any of the following actions:

1. Replacing any of the key personnel listed at the time of tender
2. Occupying any public land or facility for any purpose that will cause disruption and or inconvenience to the users of such land or facility in respect of any construction contract
3. Appointing Subcontractors (i.e. Sub-Consultants) for the performance of any part of the Services

**Clause 7.2:**

Add the following:

The Service Provider is required to provide personnel to effectively address the scope of work in accordance with the provisions of clause 7.2 and to complete the Personnel Schedule located in contract data Part C1.2.

The profiles of the Key Resources required to lead the execution of the project are as outlined in clause F.2.1 to which reference should be made.

**Clause 8.1:**

*Add the following:*

The Service Provider is to commence the performance of the Services on the date that the service provider is introduced at the municipality.

**Clause 8.4.1:**

*Add the following:*

Upon termination the Service Provider shall compile and submit to the Employer within 30 days but before final payment is made, a schedule of all documents and records, permits, reports, recordings relevant to the scope of service in the whole including a detailed *close out report* in the format required by the Employer incorporating but not limited to records of work done, suppliers' warranties and guarantees, subcontractors details, outstanding and or remaining work Inclusive of the Final Account based on work done and work still to be completed as per the approved scope of work.

**Clause 8.4.3(c):**

*Add the following:*

The period of suspension under Clause 8.5 is not to exceed 2 months.

**Clause 8.4.4:**

*Add the following:*

The Service Provider's remuneration and reimbursement shall be subject the Service Provider submitting to the Employer within 30 days but before a final payment is made, a schedule of all documents and records, permits, reports, recording relevant to the scope of service in the whole including a detailed *close out report* in the format required by the Employer incorporating but not limited to records of work done, suppliers' warranties and guarantees, subcontractors details, outstanding and or remaining work.

**Clause 9.1:**

*Add the following:*

Copyright of documents prepared for the project, and which has been paid for by the Employer shall be vested with the **Employer** and the Service Provider shall take all steps necessary to obtain such rights for the Employer at no extra cost to the Employer

**Clause 9.3:**

This clause is to be deleted.

**Clause 11.1:**

*Add the following:*

A Service Provider may not subcontract any work which he has the skills and competency to perform, unless he/she has the Employer's prior written approval and may not subcontract more than 30% of the value of the professional fees relating to the full scope of service.

**The Service Provider may be requested to procure additional specialist consultants and a recommendation of such appointment will be defined by submission of detailed scope of work to be done, program and three quotations or procurement method prescribed by the Employer.**

**Clause 12.1.2:**

*Add the following:*

Interim settlement of disputes is to be by **mediation**.

**Clause 12.2.1:**

*Add the following:*

In the event that the parties fail to agree on a mediator, the mediator is nominated by the South African Association of Mediators.

**Clause 12.2.4:**

*Add the following:*

Final settlement is by **arbitration**. In the event the Parties fail to appoint an arbitrator by agreement, the president or his nominee from the Association of Arbitrators Southern Africa shall appoint an arbitrator.

**Clause 14.2**

*Replace Clause 14.2 with the following:*

Amounts due to the Service Provider shall, as far as practicable, be paid by the Employer within thirty (30) Days of receipt by the Employer of the correct invoice with the relevant substantiation of work (deliverables) completed. The Employer shall take all reasonable, effective and efficient steps to pay the amounts due to the Service Provider within 30 days. No interest shall accrue on unpaid amounts beyond the 30 days on the invoices submitted by the Service Provider to the Employer.

Notwithstanding the above, should the Service Provider's tax clearance certificate expire during the contract period, and or the Service Provider fail to provide the service to the satisfaction of the Employer and or fail to carry a legal and proper instruction of the Employer, the Employer shall be entitled to withhold payment without incurring any liability for interest, until a valid tax clearance certificate is submitted to the Employer or the Employer's requirement have been met.

*Add the following new Clause after Clause 14.4:*

**Clause 14.5: Tax Invoices**

Section 20(1) of the Value Added Tax Act of 1991 (Act 89 of 1991) requires that a supplier (person supplying goods or services) who is registered as a VAT vendor issue to the recipient a tax invoice within 21 days of the date of a supply whether requested or not.

The Service Provider shall provide a tax invoice (VAT invoice) which shall be included with each account delivered to the Employer in terms of Clause 14. Failure by the Servicer Provider to provide a tax invoice (VAT invoice) timeously may delay payment by the Employer and no interest shall accrue.

**Clause 15:**

*Add the following:*

The interest rate will be the prime interest rate of the Employer's Bank at the time the amount is due.

**C1.3 OCCUPATIONAL HEALTH AND SAFETY AGREEMENT**

**HEALTH, SAFETY AND ENVIRONMENTAL AGREEMENT  
BETWEEN EMPLOYER AND A PROFESSIONAL SERVICE PROVIDERS**

Person responsible for this contract:

.....

Contract Number:

\_\_\_\_\_

WRITTEN AGREEMENT BETWEEN

**DEVELOPMENT BANK OF SOUTHERN AFRICA LIMITED (“DBSA”)**

.....

EMPLOYER

AND

.....

**Professional Service Providers (hereinafter referred to as “the Mandatory”)**

AS ENVISAGED BY SECTION 37(2) OF THE OCCUPATIONAL HEALTH AND SAFETY  
ACT, NO 85 OF 1993, AS AMENDED.

**C1.3.1 Agreement**

I ..... (name) representing  
..... **(Company) (Mandatory)** do hereby acknowledge that  
..... **(Mandatory name)** is an employer in its own right with  
duties as prescribed in the Occupational Health and Safety Act No (85 of 1993, as amended) and I  
agree to ensure that all work will be performed, or machinery and plant used in accordance with the  
provisions of the said Act. I further agree to comply with all other relevant Acts while providing a  
service to the **DBSA – DEVELOPMENT BANK OF SOUTHERN AFRICA LIMITED (Employer)**.

I acknowledge having received the necessary induction/training regarding the rules and regulations of  
**DBSA – DEVELOPMENT BANK OF SOUTHERN AFRICA LIMITED (Employer)** I will ensure that all  
Contractors and Sub-contractors are properly informed and adhere to all the rules and regulations and  
relevant legislation while on the premises. I will liaise with the person responsible, should I, for  
whatever reason, not be able to complete the task/project or perform in the terms of this agreement.

My company is registered and in good standing with the compensation fund or with a licensed compensation insurer as contemplated in the Compensation for Occupational and Diseases Act, 1993 (Act No. 130 of 1993). My registration number is.....

We/I also agree that; the **Professional Service Providers**, by their signatures hereto, do unreservedly and irrevocably indemnify **DBSA – DEVELOPMENT BANK OF SOUTHERN AFRICA LIMITED** (Employer) and hold it harmless against all the clause demands, actions, clauses of actions and suits at law, which may be made or instituted against it for:

- any death, injury or incident to the PSP consortium and/or PSP sub-consultant, Contractor, Sub-contractor and/or their employees or any agent customer or visitor of the Contractor;
- any damage caused to property of the PSP, Contractor, Sub-contractor, and/or their employees or any agent customer or visitor of the Contractor, including any loss of such property from whatsoever, while on the premises; and
- any claims resulting from non-compliance with legislation.

### **C1.3.2 Reporting**

The Mandatory and/or his designated person, appointed in terms of Section 16(2) of the Occupational Health and Safety Act 85 of 1993 ("the OHS Act"), shall report to the Risk Control Manager and/or a representative designated by the Employer prior to commencing the work at the premises.

### **C1.3.3 Warranty of compliance**

In terms of this agreement the Mandatory warrants that he agrees to the arrangements and procedures as prescribed by the Employer and as provided for in terms of Section 37(2) of the OHS Act for the purposes of compliance with the Act.

The Mandatory acknowledges that this agreement constitutes an agreement in terms of Section 37(2) of the OHS Act, whereby all responsibility for health and safety matters relating to the work that the Mandatory and his employees are to perform on the premises shall be the obligation of the Mandatory.

The Mandatory further warrants that he and/or his employees undertake to maintain such compliance with the OHS Act. Without derogating from the generality of the above, nor from the provisions of the said agreement, the Mandatory shall ensure that the clauses as hereunder described, are at all times adhered to by himself and his employees.

The Mandatory hereby undertakes to ensure that the health and safety of any other person on the premises is not endangered by the conduct and/or activities of any of his employees while they are on the Employer's premises.

### **C1.3.4 Mandatory an employer**

The Mandatory shall be deemed to be an employer in his own right while on the Employer's premises.

In terms of Section 16(1) of the OHS Act, the Mandatory shall accordingly ensure that the requirements of the OHS Act are complied with by himself and/or his nominated Chief Executive Officer.

#### **C1.3.5 Appointments and training**

The Mandatory shall appoint competent persons as per Section 16(2) of the OHS Act. Any such appointed person shall be trained on any occupational health and safety matter and the OHS Act provisions that are pertinent to the work that is to be performed under his responsibility. Copies of any appointments made by the Mandatory shall immediately be provided to the Employer.

The Mandatory shall further ensure that all his employees are trained on the health and safety aspects relating to the work and that they understand the hazards associated with such work being carried out on the premises. Without derogating from the foregoing, the Mandatory shall, in particular, ensure that all his users of any materials or operators of any machinery or equipment are properly trained in the use of such materials, machinery or equipment.

Notwithstanding the provisions of the above, the Mandatory shall ensure that he, his appointed responsible persons, and his employees are at all times familiar with the provisions of the OHS Act, and that they comply with the provisions of the Act.

#### **C1.3.6 Supervision, discipline and reporting**

The Mandatory shall ensure that all work performed on the Employer's premises is done under strict supervision and that no unsafe or unhealthy work-practices are permitted. Discipline regarding health and safety matters shall be strictly enforced against any of his employees regarding non-compliance by such employee, with any health and safety matters.

The Mandatory shall further ensure that his employees report to him all unsafe or unhealthy work situations immediately after they become aware of the same and that he in turn immediately reports these to the Employer and/or his representative.

#### **C1.3.7 Access to the OHS Act**

The Mandatory shall ensure that he has an updated copy of the OHS Act on site at all times and that this is accessible to his appointed responsible persons and employees. However, the parties may make arrangements for the Mandatory and his appointed responsible persons and employees to have access to the Employer's updated copy/copies of the Act.

#### **C1.3.8 Cooperation**

The Mandatory and/or his responsible persons and employees shall provide full co-operation and information when the Employer or his representative inquiries into occupational health and safety issues

concerning the Mandatory. It is hereby recorded that the Employer and his representative shall always be entitled to make such inquiry.

Without derogating from the generality of the above, the Mandatory and his responsible persons shall make available to the Employer and his representative, on request, all and any checklists and inspection registers required to be kept by him in respect of any of his materials, machinery, or equipment

#### **C1.3.9 Work procedures**

The Mandatory shall be entitled to utilize the procedures, guidelines and other documentation as used by the Employer for the purposes of ensuring a healthy and safe working environment. The Mandatory shall then ensure that his responsible persons and employees are familiar with and utilize the documents.

The Mandatory shall implement safe work practices as prescribed by the Employer and shall ensure that his responsible persons and employees are made conversant with, and adhere to, such safe work practices.

The Mandatory shall ensure that work for which a permit is required by the Employer is not performed by his employees prior to the obtaining of such a permit.

#### **C1.3.10 Health and safety meetings**

If required in terms of the OHS Act, the Mandatory shall establish his own health and safety committee(s) and ensure that his employees, being the committee members, hold health and safety meetings as often as may be required and at least once every three (3) months. The Employer may elect to permit the Mandatory's health and safety representatives to attend the Employer's health and safety committee meetings.

#### **C1.3.11 Compensation registration**

The Mandatory shall ensure that he has a valid registration with the Compensation Commissioner, as required in terms of the Compensation for Occupational Injuries and Diseases Act 130 of 1993, and that all payments owing to the Commissioner are discharged. The Mandatory shall further ensure that the cover shall remain in force while any such employee is present on the premises.

#### **C1.3.12 Medical examinations**

The Mandatory shall ensure that all his employees undergo routine medical examinations and that they are medically fit for the purposes of the work they are to perform.

#### **C1.3.13 Incident reporting and investigation**

All incidents referred to in Section 24 of the OHS Act shall be reported by the Mandatory to the

Department of Labour and to the Employer. The Employer shall further be provided with copies of any written documentation relating to any incident.

The Employer retains an interest in the reporting of any incident as described above as well as in any formal investigation and/or inquiry conducted in terms of Section 32 of the OHS-Act into such an incident.

#### **C1.3.14 Sub-contractors**

The Mandatory shall notify the Employer of any sub-contractor he may wish to perform work on the Employer's premises. It is hereby recorded that all the terms and provisions contained in this clause shall be equally binding upon the subcontractor prior to the subcontractor commencing with the work. Without derogating from the generality of this paragraph:

1. The Mandatory shall ensure that training, as discussed under appointments and training, is provided prior to the subcontractor commencing work on the Employer's premises.
2. The Mandatory shall ensure that work performed by the subcontractor is done under strict supervision and discipline.
3. The Mandatory shall inform the Employer of any Health and Safety hazard and/or issue that the subcontractor may have brought to his attention.
4. The Mandatory shall inform the Employer of any difficulty encountered regarding compliance by the subcontractor with any health and safety instruction, procedure and/or legal provision applicable to the work the subcontractor performs on the Employer's premises.

#### **C1.3.15 Security and access**

The Mandatory and his employees shall enter and leave the premises only through the main gate(s) and/or checkpoint(s) designated by the Employer. The Mandatory shall ensure that employees always observe the security rules of the Employer and shall not permit any person who is not directly associated with the work to enter the premises.

The Mandatory and his employees shall not enter any area of the premises that is not directly associated with the work.

The Mandatory shall ensure that all materials, machinery, or equipment brought by himself onto the premises are recorded at the main gate(s) and/or checkpoint(s). A failure to do this may result in a refusal by the Employer to allow the materials, machinery, or equipment to be removed from the premises.

#### **C1.3.16 Fire precautions and facilities**

The Mandatory shall ensure that an adequate supply of fire-protection and first-aid facilities are provided for the work to be performed on the Employer's premises, save that the parties may mutually make arrangements for the provision of such facilities.

The Mandatory shall further ensure that all his employees are familiar with fire precautions at the premises, which include fire-alarm signals and emergency exits, and that such precautions are adhered to.

#### **C1.3.17 Hygiene and cleanliness**

The Mandatory shall ensure that the work site and surrounding area is at all times maintained to a reasonably practicable level of hygiene and cleanliness. In this regard, no loose materials shall be left lying about unnecessarily and the work site shall be cleared of waste material regularly and on completion of the work.

#### **C1.3.18 No nuisance**

The Mandatory shall ensure that neither he nor his employees undertake any activity that may cause environmental impairment or constitute any form of nuisance to the Employer and/or his surroundings.

The Mandatory shall ensure that no hindrance, hazard, annoyance, or inconvenience is inflicted on the Employer, another Mandatory or any tenants. Where such situations are unavoidable, the Mandatory shall give prior notice to the Employer.

#### **C1.3.19 Intoxication not allowed**

No intoxicating substance of any form shall be allowed on site. Any person suspected of being intoxicated shall not be allowed on the site. Any person required to take medication shall notify the relevant responsible person thereof, as well as of the potential side-effects of the medication.

#### **C1.3.20 Personal protective equipment**

The Mandatory shall ensure that his responsible persons and employees are provided with adequate personal protective equipment (PPE) for the work they may perform in accordance with the requirements of General Safety Regulation 2(1) of the OHS Act. The Mandatory shall further ensure that his responsible persons and employees wear the PPE issued to them at all material times.

#### **C1.3.21 Plant, machinery and equipment**

The Mandatory shall ensure that all the plant, machinery, equipment and/or vehicles he may wish to utilize on the Employer's premises is/are always of sound order and fit for the purpose for which it/they is/are intended, and that it/they complies/comply with the requirements of Section 10 of the OHS Act.

In accordance with the provisions of Section 10(4) of the OHS Act, the Mandatory hereby assumes the liability for taking the necessary steps to ensure that any article or substance that it erects or installs at the premises, or manufactures, sells or supplies to or for the Employer, complies with all the prescribed requirements and will be safe and without risks to health and safety when properly used.

#### **C1.3.22 No usage of the Employer's equipment**

The Mandatory hereby acknowledges that his employees shall not be permitted to use any materials, machinery, or equipment of the Employer's unless the prior written consent of the Employer has been obtained, in which case the Mandatory shall ensure that only those persons authorized to make use of same, have access thereto.

#### **C1.3.23 Transport**

The Mandatory shall ensure that all road vehicles used on the premises are in a roadworthy condition and are licensed and insured. All drivers shall have relevant and valid driving licenses and no vehicle shall carry passengers unless it is specifically designed to do so. All drivers shall always adhere to the speed limits and road signs on the premises.

In the event that any hazardous substances are to be transported on the premises, the Mandatory shall ensure that the requirements of the Hazardous Chemical Substances Act 15 of 1973 are always complied with.

#### **C1.3.24 Clarification**

In the event that the Mandatory requires clarification of any of the terms or provisions of this agreement, he should contact the Risk Control Manager of the Employer.

#### **C1.3.25 Duration of agreement**

This agreement shall remain in force for the duration of the work to be performed by the Mandatory and/or while any of the Mandatory's workmen are present on the Employer's premises.

**C1.3.26 Headings**

The headings as contained in this agreement are for reference purposes only and shall not be construed as having any interpretative value in themselves or as giving any indication as to the meaning of the contents of the paragraphs contained in this agreement.

Confirmation and Acceptance	Initials
I _____ confirm that I have read and understood the appointment as set out above.	
I _____ confirm that I have read and understood the appendices and confirm my intention to comply with all the legal requirements.

## Part C2: Pricing Data

---

	<b>Pages</b>
<b>C2.1 Pricing Assumptions.....</b>	<b>88</b>
<b>C2.2 Time-Based Fees .....</b>	<b>91</b>
<b>C2.3 Pricing Data / Price Schedules .....</b>	<b>92</b>

## **C2.1 PRICING ASSUMPTIONS**

### **GENERAL ASSUMPTIONS**

Pricing Assumptions mean the criteria as set out below, read together with all Parts of this contract document, which it will be assumed in the contract that the tenderer has considered when developing his prices.

1. The short descriptions given in the schedules below are brief descriptions used to identify the services and related cost items for which prices are required. Detailed descriptions of the services to be priced are provided in the Scope of Work (Part C3.1 of this document) and the relevant statutory body.
2. The bidder must price for the full scope of services as stipulated in Part C.3 SCOPE OF WORK.
3. For the purpose of the service or cost item, the following words shall have the meanings hereby assigned to them: The fee scales shall be calculated as per the Government Gazette Vol. 606 December 2015, No. 39480 reduced by any applicable discounts.

<b>WORD</b>	<b>MEANING</b>
Unit	The unit of measurement for each item of work.
Quantity	The number of units of work for each item.
Rate	The agreed payment per unit of measurement
Amount	The product of the quantity and the agreed rate for an item
Sum	An agreed lump sum payment amount for an item, the extent of which is described in the Scope of Work, but the quantity of work which is not measured in any units.
Professional Fee	The agreed fee for a service, the extent of which is described in the Scope of Work and may where required be expressed as a percentage of the estimated construction contract value or part thereof.

4. A rate, sum, professional fee and/or price as applicable, is to be entered against each item in the schedules. An item against which no price is entered will be considered to be covered by the other prices or rates in the relevant Table of Quantities.
5. The rates, sums, professional fee, and prices in the schedules are to be fully inclusive prices for the work described under the several items. Such prices and rates are to cover all costs and expenses that may be required in and for the execution of the work described in accordance with the provisions of the Scope of Work, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the Contract Data, as well as overhead charges and profit.
6. Where quantities are given in the Table of Quantities, these are provisional and do not necessarily represent the actual amount of work to be done. The quantities of work accepted and certified for payment will be used for determining payments due and not the quantities given in the Table of Quantities. In respect of time-based services, the allocation of staff must be agreed with the employer before such services are rendered.
7. Tendered time-base fees (where the unit of measurement is time based) shall be adjusted in terms of clause 3.16 of the Standard Professional Services Contract. Tenderers are to note that apart from the stated adjustment to the time-based fees, there will be no adjustment in the tendered professional fees and/or other rates tendered during the initial term of the contract. If the successful tenderer is given any extension with respect to their appointment term, the tendered time-base fees shall be adjusted for the extension with respect to their appointment term, in terms of Clause 3.16 of the Standard Professional Services Contract and shall **not** revert automatically to the recommended prevailing time-based fees contained the various gazettes and

notices of the relevant respective professional bodies.

8. Tenderers are to carefully note that only those recoverable expenses listed in the schedules will be reimbursed to the Service Provider.
9. Items for printing/copying shall be for specified contract documents, reports, manuals and drawings, excluding general correspondence, minor reports, progress reports, etc. which shall be deemed to be included in the professional fees. Payment will only be made for copies of reports and drawings submitted to the Employer or issued, as specified or requested by the Employer, and all drafts shall be for the Service Provider's account.
10. The per kilometre rate for the reimbursement of travel expenses shall be limited to the kilometre rates published by the Department of Public Works from time to time for vehicles with engine capacities of various capacities but not exceeding the maximum of 2500cc for the purpose of this contract. If 4x4 vehicles or other vehicles exceeding 2500cc are required due to accessibility or poor road conditions, the applicable rate needs to be agreed between the Service Provider and the Employer upfront before trips are undertaken. **The prices tendered in Schedule C2. should be based on a vehicle with 2500cc engine capacity**
11. **Scope Variation by the Employer:** While the Employer has every intent to complete the full scope of works, the Employer reserves the right to reduce or increase the scope of works according to the dictates of the budget, or to terminate this contract, without adjustment to the agreed rates, sums, or professional fees and without payment of any penalty or surcharge in this regard. The Service Provider shall however be entitled to a pro-rata payment for all services carried out in terms of any adjustment to the Scope of Works or, in the case of termination, remuneration and/or reimbursement as described in Clause 8.4.4 of the Standard Professional Services contract.
12. **Limitation to Hourly Rates and Professional Fees:** The hourly rates and professional fees of Experts that are used by the Tenderer to provide the services shall not exceed the hourly rates and professional fees applicable for professionals in the respective disciplines as stipulated by the relevant Government Gazette in the various Guidelines to Scope of Services and Tariffs of Fees for the various disciplines. **The bidder must price for normal services as contained in the various Guidelines to Scope of Services and Tariffs of Fees for the various disciplines. The fees shall be calculated on a time and cost basis after factoring in all the resources to be applied to the projects tasks and activities, and then reduced by any applicable discounts.**
13. **Professional / Technical Services Fees:** These are to be based on a realistic estimate of the cost of all the services required to achieve all the specific deliverables listed in the Scope of Work. The professional fees are to be completed in the schedules of this section. The completed schedules are to be completed and returned with the tender proposals. For the time-based fees of key professionals in schedule C2.2.1, Tenderers are to attach a breakdown of the total proposed fee per deliverable to that page (schedule). The breakdown is to clearly indicate the scope of work or key deliverables, the elements of the scope of work, the resources applied, the estimated duration and rates of the applied resources for each element of the scope of work. The elements of the scope of work or key deliverable are outlined in section C3.1 of this tender document.
14. **Operational Expenses (Accommodation):** These expenses are not to be priced separately but are to be included in the overall operational costs per section 17 below.
15. **Operational Expenses (Subsistence Expenses):** These expenses are not to be priced separately but are to be included in the overall operational costs per section 17 below.
16. **Operational Expenses (Printing /Copying Expenses):** These expenses are not to be priced separately but are to be included in the overall operational costs per section 17 below.

17. **Combination and fixing of travelling, accommodation, printing, binding, and copying into Operational Costs:** For the purpose of this tender, the operational expenses for travelling, accommodation, subsistence, printing, binding and copying (where applicable), have been combined and must never exceed a maximum of **5%** of the relevant professional fees applicable to the project deliverable or project phase.
18. **Payment is for specific completed deliverables:** In line with Clause 4.7 of the Contract Data (part C1.5), the Service Providers will be appointed on a specific scope of work and will be compensated upon the achievement (completion) of specific deliverables. The pricing schedules in Part C2.2 of this document have been aligned to the specific deliverables expected from the Service Providers.
19. **Fixed Price Contract per Municipality:** This assignment will be based on a lump sum (fixed price) contract in (ZAR) Rands. Bidders are required to price total contract price using the tables (schedules) in the next page. Once the offer of the Tenderer is accepted by the Employer, the overall project budget is fixed and must not be exceeded under any circumstances whatsoever.

**C2.2 TIME-BASED FEES OF DESIGNATED KEY PROFESSIONALS / EXPERTS**

- C3.1.7 REPORTING**
- C3.1.8 ACCOUNTABILITY**
- C3.1.9 PROJECT STEERING COMMITTEE**
- C.3.1.10 CONTACT PERSON**

### **C3.1.1 INTRODUCTION**

The Development Bank of Southern Africa (DBSA) is supporting and assisting the South African Government to eradicate water, sanitation, roads, and electricity infrastructure backlogs in South Africa through the planning and implementation of municipal infrastructure projects funded by Conditional Grants (e.g. Municipal Infrastructure Grant, the Integrated National Electrification Programme, etc.) in various municipalities.

The successful implementation of the projects funded by conditional infrastructure grants (e.g. MIG, WSIG and INEP) is expected to contribute significantly to the achievement of three of the South African Government national outcomes namely:

- a) Outcome 6: An efficient, competitive, and responsive economic infrastructure network.
- b) Outcome 8: Sustainable human settlements and an improved quality of household life.
- c) Outcome 9: A responsive, accountable, effective, and efficient local government.

In cognizance of the above role of DBSA, the Lepelle-Nkumpi Local Municipality requested support from DBSA with the development of various infrastructure master plans in the water, sanitation, roads, stormwater, electricity, and integrated waste management sectors. The infrastructure master plans will assist the municipalities with the identification, alignment, prioritization, and implementation of the projects towards the achievement of the National Government Outcomes.

### C3.1.2 MUNICIPAL BACKGROUND

The Government's Medium Term Strategic Framework (MTSF) has prioritized the implementation of programmes to create economic and social infrastructure at an increased pace and scale throughout the country especially at the municipal level. In this context, municipal infrastructure development programmes to provide basic services has been prioritized through various programmes such as various grant funding mechanisms such as Municipal Infrastructure Grant (MIG), Integrated National Electrification Programme (INEP), Regional Bulk Infrastructure Grant (RBIG), etc.

#### C3.1.2.1 Lepelle-Nkumpi Local Municipality (LNLN)

The Lepelle-Nkumpi Local Municipality (LNLN) is responsible for approximately 2361.9km of road and associated stormwater controls. A number of important national and regional routes transverse the area, of which the R37 (Polokwane-Burgersfort) is the most important, there is also the R579 between Chueniespoort and Jane Furse, R519 between Kushke and Roedtan, R518 between Mokopane and Lebowakgomo, Moletlane to Magatle, and Hlahla to Mathabatha. The Department of Economic Development, Environment and Tourism have identified the R37 road between Polokwane and Burgersfort as a SDI route. The LNLN has identified the challenges in its roads and storm water network as a matter of top priority. The challenges being experienced by the LNLN include the following:

**Dilapidated roads and storm water network:** Majority of the roads linking the villages are gravel roads and have significantly deteriorated without adequate stormwater drainage and damaged surfaces. Majority of drains and culverts are blocked and restrict the flow of water, resulting in water accumulation on roads surface and open areas. There is high levels of soil erosion mainly on gravel roads due to poor stormwater management infrastructure.

**Aged infrastructure and poor maintenance:** Maintenance is done on ad-hoc basis as no maintenance plan exists. The municipality is also experiencing funding and resources shortfalls to effectively address operations and maintenance of the existing roads and storm water infrastructure network.

**Slow pace of eradication of backlogs:** Several areas have home-made bridges and culverts mostly done by community members which are unsafe. Certain areas, like Matinkane area require the construction of a bridge for ease of access across rivers. With lack of funding, it will take even longer to eradicate the roads and storm water infrastructure backlogs in the municipal area.

**No GIS system in place - LNLN does not have a GIS which make it challenging to effectively manage land use and spatial planning.**

The lack of a roads and storm water masterplan has impeded the municipality's ability to identify, prepare and implement strategic roads and storm water projects. Consequently, the municipality is unable to discharge its service delivery mandate in a systematic, cost-effective, holistic, measurable and sustainable manner.

#### C3.1.2.2 Summarized Municipal Problem Statement

Overall, in the absence of the various infrastructure master plans cited above, the ability of the respective municipalities to identify, align and prioritize infrastructure projects in a strategic manner in their Integrated Development Plan (IDP) has been significantly constrained and impaired. Planning for

new infrastructure projects, for refurbishment / upgrading, and for the maintenance of existing infrastructure are done in an ad-hoc, unsystematic, inconsistent, reactive, and inefficient manner. Moreover, due to the lack of the long-term infrastructure master plans, the municipalities do not have an objective and realistic picture of their long-term infrastructure investment needs in the various infrastructure sectors. In summary, the lack of these infrastructure master plans has significantly undermined efforts to create an efficient, competitive, and responsive water, sanitation, electricity, integrated waste management, roads, and storm water infrastructure network in the respective municipal areas.

### **C3.1.3 PROJECT GOALS AND OBJECTIVES**

#### **C3.1.3.1 Project Goals**

The main goal of appointing the Professional Service Providers (PSP) is to provide appropriate technical resources for the development of the long-term Roads and Stormwater Master Plan (RSWMP) in support of Lepelle-Nkumpi Local Municipality. A secondary goal is to equip the municipalities with strategic information to facilitate strategically focused actions for implementing the key infrastructure initiatives budgeted for in the IDP, while addressing both financial, inherent risks, institutional requirements, and sustainability.

#### **C3.1.3.1 Project Objectives**

The objectives of the project are to:

- a) Develop the long-term infrastructure master plan, a Roads and Stormwater Master Plan (RSWMP), and Geographic Information System (GIS).
- b) Assist the municipalities to improve service delivery and to eradicate service delivery backlogs in the various infrastructure sectors.
- c) Assist the municipality to establish a holistic and integrated infrastructure planning and implementation delivery approach within the respective municipal areas of jurisdiction.
- d) Facilitate the channelling of the municipalities' investments in a manner that will improve sustainable economic development and hence improve municipal revenues in the long run.
- e) Unlock and catalyse third party funding (e.g. from local business, from commercial banks, from the private sector, etc.) to support the implementation of the projects identified in the master plans.
- f) Enable the municipality to unlock the development potential.
- g) Achieve a cost effective, integrated, and sustainable infrastructure development in the municipality. Provide the municipality with a clear picture of their infrastructure investment needs.

### **C3.1.4 SCOPE OF WORK**

#### **C3.1.4.1 General**

The professional services required for the development of the RSWMP, and GIS is expected to undertake stakeholder engagement, conduct assessments, and compile an implementation strategy, with clear goals and objectives, which will be followed by a Business Plan that details the objectives in such a way that clear direction is given to implementation of the recommendations on priority projects. In particular:

- The various infrastructure master plans must include the evaluation and analysis of existing documents, the determination of existing backlogs, current demands, and capacity.
- It will include a funding model and a programme for the implementation of all the projects identified and prioritized.
- It will also be necessary to evaluate the long-term viability of existing infrastructure to cope with expansion and augmentation, and to identify new infrastructure required, and to propose timelines regarding when such infrastructure will be required.
- The assessments will address the primary and secondary networks, and the primary and secondary equipment needed to deliver a reliable, safe, and affordable service to all existing and future consumers within the area.
- The service provider is required to make recommendations in the infrastructure master plan aimed at assisting the municipality with acquiring land, registering servitudes, undertaking an Environmental Impact Assessment (EIA) and with the development of detailed designs for construction of the identified priority projects over the short, medium, and long term.
- The various infrastructure master plan reports should contain the narrative (text) supplemented by graphs, charts, maps, GIS, etc.

#### **C.3.1.4.2 Stakeholder Engagement and Consultations**

The PSP is expected to continuously liaise and consult with the following stakeholders for purposes of information and data collection, sustained buy-in, and unblocking of bottlenecks during the course of the Project.

- Lepelle-Nkumpi Local Municipality
- Department of Cooperative Governance and Traditional Affairs (National and Provincial)
- Department of Roads and Transport (Provincial and National)
- District Municipality within which the local municipality fall.
- Municipal Infrastructure Support Agency (MISA).
- The Development Bank of Southern Africa (DBSA), i.e. the Employer

The successful PSP is to ensure that they fully engage the stakeholders to ensure that any information that will assist on the development of the various infrastructure master plans are made available. It is the duty of the PSP to escalate any lack of co-operation to the DBSA so that bottle necks are unblocked well in time.

#### **C.3.1.4.3. Scope of Work**

The Services expected from the PSP are detailed in the scope of work outlined below. The detailed scope of works and deliverables (outputs) to be executed by the PSP are provided in the frameworks for the development of various infrastructure master plans as outlined in the below sections of this document. The scope of work for the infrastructure master plan RSWMP, and GIS have been prepared in accordance with relevant sector Department guidelines on the preparation of these plans.

**The  
Tender**

**Tender No. RFP010/2025:  
Development of Roads and Stormwater Master Plan (RSWMP) and GIS in  
support of Lepelle-Nkumpi Local Municipality.**

The PSP will be required to prepare the RSWMP, and GIS by covering all tasks and sub-deliverables as detailed in the Framework outlined below.

### **C.3.1.5. SCOPE OF WORK FOR THE DEVELOPMENT OF A ROADS AND STORM WATER MASTER PLAN (RSWMP) – MINIMUM REQUIREMENTS.**

#### **FRAMEWORK FOR THE DEVELOPMENT OF A ROADS AND STORM WATER MASTER PLAN (RSWMP)**

##### **1. INTRODUCTION**

The purpose of the **Roads and storm Water Master Plan** is to compile an implementation strategy, with goals and objectives, which will be followed by a Business Plan detailing the objectives in such a way that clear direction is given to implementation of the recommendations on priority projects.

- The Master Plan must include the evaluation and analysis of existing documents, the determination of existing backlogs, current demands, and capacity.
- It will include a funding model and a programme for the implementation of all the projects identified and prioritized.
- It will also be necessary to evaluate the long-term viability of existing infrastructure to cope with expansion and augmentation, and to identify new infrastructure required, and to propose timelines regarding when such infrastructure will be required.
- The assessments will address the primary and secondary networks, and the primary and secondary equipment needed to deliver a reliable, safe and affordable service to all existing and future consumers within the area.
- The service provider is required to make recommendations in the Master Plan aimed at assisting the municipality with acquiring land, registering servitudes, undertaking an Environmental Impact Assessment (EIA) and with the development of detailed designs for construction of the identified priority projects over the short, medium, and long term.
- The Master Plan report should contain the narrative (text) supplemented by graphs, charts, maps, GIS, etc.
- For clarity, the respective roads and storm water master plans should be presented (shown) separately in separate documents.

##### **2. SUMMARIZED FRAMEWORK FOR ROADS AND STROM WATER MASTER PLAN**

###### **2.1 Executive Summary**

###### **2.2 Stakeholder Engagement and Establishment of the Project Steering Committee (PSC)**

*The process of developing the master plan will involve officials, political representatives, organized local business and the communities from grass roots level, and applicable spheres of government. Therefore, as part of the scope of work, the appointed professional services provider must make provision for an inclusive participation process involving all the parties mentioned. The technical process will rely on the participation of relevant officials and political representatives from the municipalities, provincial and national government regarding technical inputs and the decision-making process.*

### 2.3 Existing Situation Assessment (Understanding the Status Quo)

- a) **Acquisition and collation of plans of existing roads and storm water systems** and the topographic details of the immediate and surrounding areas. The existing situation assessment will include site visits to critical roads and storm water infrastructure networks to validate existing information.
- b) **Determination of existing flood lines.**
- c) **Identification of the sector plans, programmes, projects and initiatives** in all spheres of government that will affect the development and viability of the roads and transportation service under consideration.
- d) **Evaluation and analysis of the visions, sector strategies, sector plans and targets** outlined in various source documents which will be made available to the appointed Service Provider by the municipality, or which the service provider can source by itself. Purpose is to ensure alignment and integration.

*The sector strategies and plans which are to be considered (including all existing master plans), are for water and sanitation, Roads and transport, Storm water, Electricity and Energy, Solid waste, Municipal amenities, Integrated housing (human settlements). Other municipal planning and strategy documents include but are not limited to Environmental strategies and plans, Local Economic Development strategies and plans, social services strategies and plans, Urban Renewal Strategy. Typical national documentation to be consulted will include the National Spatial Development Framework, the National Growth and Development Strategy, and the National Economic Development Framework.*

*It is essential that the above plans are read in conjunction with the Integrated Development Plan (IDP) and the Spatial Development Framework (SDF) to ensure that they support the growth direction proposed for the municipality or highlight areas that need to be reconsidered in terms of the SDF. Proposals should also be formulated so that they align with applicable national and provincial programmes, projects, and initiatives.*

- e) **Identification of new and proposed developments (at Municipal, District, Provincial, and National levels) and their impact regarding the currently existing and future required roads and storm water infrastructure.**
- f) **Establishment of the current demand:**
  - i. Carry out traffic counts to determine the existing road loading conditions.
  - ii. Determine the capacity of the storm water network.
- g) Preparation or updating of the Asset Register and GIS and determine conditions, remaining useful life, efficiency levels, reliability, and carrying capacity. Specifically determine road network conditions, capacity and the need for OM and refurbishment, and update the pavement management system (PMS) and the building management system (BMS) where relevant.
- h) **Preparation or updating of the respective roads and storm water Infrastructure Asset Management Plans.**
- i) **Assessment and definition of socio-economic status quo** i.e. consumer and user profiles and affordability.

- j) **Assessment and establishment of levels of service.**
- k) **Assessment and determination of existing roads and storm water infrastructure backlogs.**

## 2.4 Future Demand Assessment

- a) **Determination of future demand** - by considering growth patterns, spatial development, land use and the levels of service required within the framework of existing legislation and policy. This includes the identification and assessment of new developments required to meet future demand.
- b) **Determination of the anticipated load growth, transportation models**, including intermodal models, and the need to upgrade or expand the network.
- c) **Determination of the anticipated load growth, and all factors required to determine the capacity for new storm water system, the necessity for upgrades to existing systems, determination of new flood lines, retention pond sittings, etc.**
- d) **Determination of any network changes that could increase capacity**, including geometric and structural changes.
- e) **Compilation of a traffic forecast model** which can be updated on a continuous basis as patterns change or new areas are developed.
- f) **Compilation of a flow forecast model** which can be updated on a continuous basis as storm water inflow and the runoff patterns change.
- g) **Considerations for the use of alternative technologies and materials** to achieve cost reductions, ease of operations and maintenance or protection of the environment.
- h) **An analysis (at local level) of the regional demand for the roads and storm water infrastructure** should also be studied to determine whether partnerships can be negotiated to share in the formulation of proposals for major developments which could be handled more cost-effectively or efficiently on a regional basis, such as through routes, etc.

## 2.5 Institutional Arrangements and Required Authorizations

- a) **Review of existing institutional arrangements and formulation of proposals** to develop systems and procedures and to build capacity as required to operate and maintain the roads and storm water infrastructure.
- b) **Assessment, determination, and recommendations on institutional arrangements** for provision of through routes, etc. in the municipal area.
- c) Provide recommendations to facilitate:
  - i. Provision of land and servitudes for roads infrastructure.
  - ii. Wayleave applications from/to national, provincial, authorities and agencies where applicable.
  - iii. Environmental Impact Assessments where required.

## **2.6 Project Prioritization and Cost Estimates**

- a) **Determination of capacity increases to be achieved through refurbishment, upgrades and demand management and the cost estimates** (Capital and Operational) thereof.
- b) **Determination of the extensions and new infrastructure required to address backlogs and the cost estimates** (Capital and Operational) thereof.
- c) **Determination of priorities and the phasing of projects and programmes for:**
  - i. Short term development (One-Year Projects and Budget Plan)
  - ii. Medium term development (Three to Five Year Capital and Operational Plan)
  - iii. Long term development (20 Years and above Capital and Operational Plan)
- d) **Formulation of a project prioritization model addressing short-, medium- and long-term strategic plans.**
- e) **Long-, medium- and short-term plans covering expansion, operations and maintenance, costings, possible funding sources, land, servitudes and staffing requirements.**

## **2.7 Funding and Implementation Arrangements**

- a) Identification, assessment, and recommendations on:
  - i. Sources of funding, including tariff structuring, levies, investment, or payment models to raise sufficient funds for development.
  - ii. Methods of delivery, including community participation, traditional service provider models and public-private or public-public partnerships where appropriate.
  - iii. Critical material, equipment, skills, and labour requirements to be sourced in other regions or internationally as a potential input to supply chain management

## **2.8 Risk Management**

Conduct risk analysis to identify critical assets, the impact of their failure, the level of exposure to risk, and to determine alternative services, sources or mitigation measures as the case may be.

## **2.9 Registration of priority projects with Municipal Infrastructure Grant (MIG)**

Undertake all necessary activities, prepare and submit all necessary technical reports, MIG Registration documents, etc., in accordance with the relevant sector Departments requirements, address all ensuing queries, and obtain Notice of Registration for MIG Registration.

**ANNEXURES, MAPS, CHARTS, ETC.**

**Project Closure: The appointed professional services provider is expected to:**

- a) Workshop the draft Master Plans with the Municipality and Incorporate Comments.
- b) Prepare and facilitate the update of the Roads and Stormwater section in the master plan.
- c) Facilitate adoption of the Master Plan by the Council of the Municipality.
- d) Support the municipality with the development of the confirmation of the projects (new) in the IDP.
- e) Support the municipality with the development of the confirmation of the projects unlocked (new) projects in the IDP using DBSA prescribed format

### **C.3.1.10. GEOGRAPHIC INFORMATION SYSTEM (GIS) – MINIMUM REQUIREMENTS.**

The integration of GIS technology in traditional geospatial tasks will provide several benefits for the municipality such as: more effective land use management and spatial planning; better implementation of SPLUMA's development principles; more effective asset management; improved delivery of services; the ability to visualize status and to plan for future projects; and the ability to perform existing tasks cheaper, faster, and more completely better.

Lack of GIS technologies places the municipalities at risk of failing to effectively deal with issues related to land use management and spatial planning, failing to meet the requirements of SPLUMA, failing to effectively manage and protect assets.

The upgrade of the GIS system is part of the updating of the RSWMP.

#### **Objectives**

To design, implement, and maintain a comprehensive Corporate GIS for Local Municipalities to:

- enhance decision-making through spatial analysis,
- improve service delivery through efficient resource allocation,
- increased transparency and accountability,
- improved data management and integration and
- promote sustainable development in the municipal area

#### Town Planning Integration

- Spatial Zoning Layer: Create a spatial layer for zoning, integrating with town planning systems to visualize and manage land use regulations.
- Land Use Management: Develop GIS tools for land use analysis, supporting zoning compliance checks, impact assessments, and planning decisions.
- Permitting Workflow Automation: Integrate GIS into the town planning permit workflow, enabling the electronic submission, review, and tracking of applications.
- Stakeholder Access: Develop user interfaces for internal and external stakeholders to view land use and zoning data.
- SDF: Create an interactive layer for SDF for the municipality and an ADF Dashboard
- LED Dashboard: Capture LED Projects and Develop a dashboard showing LED projects to display all LED projects in the municipalities.

#### Building Plan Management Integration

- Building Footprint Layer: Develop a GIS layer of building footprints, integrating it with building plan approval systems.
- Spatial Validation: Enable spatial validation tools to ensure building plans comply with zoning and land use policies.
- Application Tracking: Design a tracking system to monitor building plan submissions, review statuses, and approvals.
- Automated Notifications: Set up automated notifications for stakeholders on application statuses, especially if they impact neighboring properties.

#### Billing Integration with GIS

- Parcel and Utility Mapping: Integrate billing records with GIS parcel and utility data, ensuring accurate billing based on location and land usage.
- Data Synchronization: Establish a data synchronization protocol between billing and GIS systems to ensure real-time updates.

- Revenue Assurance: Use GIS to support revenue assurance, flagging parcels or properties with inconsistent billing data.
- Access and Visualization: Develop user-friendly GIS interfaces for the billing department to visualize and manage billing information spatially.

#### Disaster Management Monitoring

- Collect Disaster Information to prepare and design early warning system for disaster occurrences.

#### Infrastructure Mapping

- Collect Information on existing infrastructure so that they can be further integrated with other datasets and assist in planning

#### IDP Mapping

- Capture IDP Projects and Create an IDP dashboard to assist view implemented and non-implemented projects, sector department and parastatals projects

#### Environmental Health Services GIS

- The system should have a capturing of a set of environmental health services that local authorities offer such as Health Surveillance of premises, food and safety standards, waste management facilities etc.

### **Scope of Work**

The service provider is expected to:

- Conduct Existing Situation Assessment of the GIS system at the municipality: Validate, confirm, update the information provided by the Municipality by undertaking an assessment of the hardware, software, data storage, human resources, capabilities, functionality, etc. of the Municipality's existing GIS function.
- Produce and submit a report outlining the findings and recommendations arising out of the above existing situation assessment.
- Upgrade the capacity and functionality of the existing GIS hardware and systems in the Municipality.
- Provide, Install, Test, and Commission specified hardware software, printers, and mobile hand-held GPS devices for GIS purposes.
- Provide accredited training to identified (designated) Municipal officials on the new (upgraded) GIS hardware and system. (Number of officials to be provided training need to be stipulated as there is budget attached to it)
- With the assistance of Municipal officials, capture/update information on all Municipal water services and road infrastructure that is not captured in the existing GIS system. (Capturing and updating of municipal water and road infrastructure services and other geospatial data should be done in compliance with the DDM data capturing standards and SANS standards.
- Plan for and put in place ongoing customer care and technical support from the relevant parties on the new GIS hardware and software for a period of three years.

The Executive Summary of the Scope involved in the development of Geographic Information System (GIS) of the Municipality's GIS is outlined in Table C2.

### **Deliverables**

- Comprehensive GIS database.
- Customized GIS software configuration. (Town planning integration, SDF Integration, Building Planning integration, LED Dashboard, Disaster Management Mapping with Dashboard, Infrastructure Mapping on Dashboard, IDP Mapping with Dashboard and Billing integration)

- Training materials and user manuals.
- GIS user group and support mechanism.
- Sustainability plan.
- Quality assured (reliable, complete, and accurate) Spatial Datasets in a shape file format.

*Summary of Scope of Work of the development of Geographic Information System (GIS)*

Task ID	Description of Activity in Scope of Work	Expected Output / Number Required
1	<p>Phase 1: Existing Situation Assessment and Planning</p> <ul style="list-style-type: none"> <li>- Conduct Existing Situation Assessment of the GIS system at the municipality: Validate, confirm, update the information provided by the Municipality by undertaking an assessment of the hardware, software, data storage, human resources, capabilities, functionality, etc. of the Municipality's existing GIS function.</li> <li>- Define GIS vision, goals, and objectives.</li> <li>- Develop a detailed project plan and timeline.</li> <li>- Select a GIS Champion from the municipality</li> <li>- Draft a User Requirement Analysis Report and a Geographic data gaps Analysis Report</li> </ul>	1 x Existing Situation Assessment Report and a GIS Implementation Strategy
2	<p>Phase 2: Database Design, Data Collection, and Integration</p> <ul style="list-style-type: none"> <li>- Draft a data collection and Conversion Plan</li> <li>- Draft a GIS Database development Plan</li> <li>- Draft GIS Data Acquisition and Procedures</li> <li>- Define GIS Data Standards Development</li> <li>- Collect and integrate spatial data from various sources (e.g., surveys, aerial photography, existing maps, field data collection).</li> <li>- Develop a comprehensive data model and database design.</li> <li>- Populate the GIS database with attribute data (e.g., demographics, infrastructure, land use, all cadastral data in a form of shape files with attributes, inclusive of zoning information and ownership information from the registrar of deeds). The data should be separated in various layers including registered and unregistered land parcels.</li> <li>- Integration of municipality's upgraded GIS system with GIS system of District Municipality and / or relevant Provincial Departments.</li> <li>- Develop interactive/ GIS SDF Data for the municipality</li> <li>- Where possible, photographs of captured data</li> <li>- Application and submission to COGHSTA of documentation to access the Municipal Systems Improvement Grant (MSIG).</li> </ul>	Integrated spatial data
3	<p>Phase 3: Standard Operating Procedures</p> <ul style="list-style-type: none"> <li>- Develop and maintain standard operating procedures that include standards and guidelines that can be used - DDM Spatialisation Guidelines Draft v1.0, SANS 1883, SANS 1880. NGI Standard for Land Cover Mapping, NGI Standard for Integrated Topographical Information System and DPME Spatial Referencing Guidelines. These would cover the entire spectrum of how data will be captured, stored (vector or raster), managed, retrieved, transformed, analysed, and presented as an information product.</li> <li>- Develop Metadata Design Procedures</li> <li>- GIS Program Evaluation and Future Planning – Stage 2 URS (user support and integration with district)</li> </ul>	Standard Operating Procedures

Task ID	Description of Activity in Scope of Work	Expected Output / Number Required
4	<p>Phase 4: GIS Hardware</p> <ul style="list-style-type: none"> <li>- Provide an appropriate server infrastructure to support a spatial database, application server, and web server. The hardware specification is outlined below:</li> </ul> <p>a) Server X1 Specifications</p> <ul style="list-style-type: none"> <li>o Based on the Intel Xeon Silver 4314 2.4GHz Sixteen Core Processor,</li> <li>o 16C/32T, 10.4GT/s, 24M Cache, Turbo, HT (135W) DDR4-2666</li> <li>o To support virtualization.</li> </ul> <p>b) Desktop X5 Specifications</p> <ul style="list-style-type: none"> <li>o 32 GB of RAM</li> <li>o Processor with 10 cores</li> <li>o 64-bit hardware</li> <li>o 500 GB disk (SSDs)</li> <li>o Dedicated graphics card 16 GB of memory</li> </ul> <p>c) Mobile GIS applications X5 Specifications</p> <ul style="list-style-type: none"> <li>o Android 8.0 or later</li> <li>o iOS 14.5 or later</li> <li>o GNSS support (Galileo, GPS, GLONASS, BeiDou)</li> </ul>	<p>Appropriate server infrastructure to support a spatial database, application server, web server.</p>
5	<p>Phase 5: GIS Software</p> <p>Obtain software (Enterprise Server) X1</p> <ul style="list-style-type: none"> <li>- Must have Distributed Web Feature Services capabilities to allow the municipality to disperse their data as necessary from central server to any other client.</li> <li>- Must easily integrate with various GIS software currently being utilised in the market.</li> <li>- On-premises server to allow full ownership of the infrastructure</li> <li>- Should allow multi-user editing on a server environment</li> <li>- Flexible server software for mapping and analytics that allows you to easily manage your location-enabled data and brings a Web GIS into your infrastructure.</li> <li>- Provides your organization the power to analyse, create, and share content to any device, anywhere</li> <li>- Transform database information into highly differentiated features displayed on a map</li> <li>- Consume and serve data from external OGC services</li> <li>- Portal that enables Web GIS and allows members of your organization to search, organize, analyse, store, and share location-enabled content.</li> <li>- Advanced sign-on capabilities.</li> </ul> <p>Obtain GIS Desktop License X5</p> <ul style="list-style-type: none"> <li>- Enables viewing, exploration, analysis, editing, and sharing maps and data.</li> <li>- Publishing the existing data and Desktop GIS related vector data layers and schemas as OGC services i.e. WMS, WFS, etc to the web</li> </ul>	<p>GIS System Software rights</p>

Task ID	Description of Activity in Scope of Work	Expected Output / Number Required
	<ul style="list-style-type: none"> <li>- Connect directly to spatially enabled database, both proprietary and open source.</li> <li>- Ability to open different views at the same time</li> <li>- Access common geospatial file formats, computer-aided design (CAD) formats, shapefiles, Open source, KML etc.</li> <li>- 3D Capabilities</li> <li>- Create interactive maps and visually model spatial data</li> <li>- Configure and customize GIS software for municipal needs.</li> <li>- Build Geo enabling solutions for Town planning, Building planning and Billing.</li> <li>- Have the ability to integrate with other municipal systems.</li> </ul>	
	<p>Phase 6: Training and skills development</p> <ul style="list-style-type: none"> <li>- Develop training materials and user manuals.</li> <li>- Train officials of the Department of Planning &amp; Local Economic Development in the use of system. It is also important that the officials responsible for the deployment are also trained to have the necessary technical skills, including server deployment, server application installation and configuration and develop training manuals for them.</li> <li>- Establish a GIS user group and support mechanism.</li> <li>- Develop a sustainability plan for ongoing GIS maintenance. This should include system operation and maintenance procedures and maintenance plan, Data Capturing Procedures, Metadata Design Procedures, Web Publishing Procedures</li> </ul>	<p>Training materials and user manuals sustainability plan for ongoing GIS maintenance</p>
6	<p>Phase 7: Deployment and System Maintenance</p> <ul style="list-style-type: none"> <li>- Deploy and demonstrate a GIS data model on a database management system to support the following outputs:               <ul style="list-style-type: none"> <li>o the current municipal SDF</li> <li>o the current municipal land use scheme</li> <li>o update the various datasets identified during the user requirements analysis</li> <li>o data cleansing of the cadastral data</li> <li>o data cleansing of deeds data</li> <li>o capture mandatory metadata profiles for all data layers</li> <li>o create an SDF and zoning map book</li> <li>o create a single web viewer</li> <li>o LED dashboard</li> <li>o Disaster Dashboard</li> <li>o IDP Dashboard</li> </ul> </li> <li>- Develop a web GIS application for the municipality so that other departments in the municipality can view the data</li> <li>- Develop a geospatial information management policy in line with the municipal IT policy and provincial GIS Policy.</li> <li>- Software and hardware maintenance support and regular updates and backups to the dataset for three years post-completion of the upgrade.</li> <li>- Ongoing training and skills development of GIS staff for three years post-completion of the upgrade</li> <li>- System Testing and Evaluation</li> </ul>	<p>GIS data model</p>

## **Data Requirements and Standards**

### Spatial Data storage

Manage storage of spatial data by an appropriate database management system and train the officials on database management procedures.

### Spatial Data Acquisition

Logically group the datasets into various dataset themes and update the existing data to the extent possible by requesting the latest versions from the various data custodians. these could include the following:

- Administrative, Cadastral, Hydrology, Environmental, Electoral, Demographics, Projects, Land covers, Infrastructure, Grids, Facilities, Agricultural, Settlements, Transport, Topographical, Traditional

### Land Administration Domain Model (LADM)

Implement the LADM standard progressively to help in addressing the implementation of SPLUMA and to foster a common data language across stakeholders.

### GIS Data Standards

The system must adhere to the following standards:

- SANS 1876:2018 - Rules for unique feature identifiers in South African geospatial datasets.
- SANS 1878-1:2011 - South African spatial metadata standard: Part 1: Core metadata profile.
- SANS 1880:2014 - South African geospatial data dictionary (SAGDaD) and its application.
- SANS 1883-1:2009 - Geographic information - Addresses: Part 1: Data format of addresses.
- SANS 1883-2:2018 - Geographic information - Addresses: Part 2: Addresses data exchange
- SANS 1883-3:2009 - Geographic information - Addresses: Part 3: Guidelines for address allocation and updates.

### Spatial Data Update

Establish the following separate data environments to implement a spatial data update process Staging Area, Master Data, Published Data.

### **C.3.1.5 PROJECT DELIVERABLES**

#### **C.3.1.5.1 Project Implementation Plan**

Within two weeks after the appointment, the successful Professional Service Provider will be required to provide an Implementation Plan for the duration of the project. The Implementation Plan among others will include the activities that are listed in the scope of work including brief description and individual duration that shall not exceed the total contract period. A schedule of submission of each part of the scope of work must also be included in the plan.

Furthermore, the Professional Service Provider will be required to provide the progress and final payments schedule that will be aligned to the implementation plan deliverables / milestones.

#### **C.3.1.5.2 Monthly Progress Reports**

The successful Professional Service Provider will be required to provide regular progress report in accordance with the timeframe as stipulated in Table 4 below. Progress Report must give a summary of the following information:

- i. Amount of time spent by each team project member on a specific task.
- ii. Total amount of time and cost to date.
- iii. Time cost since the previous report.
- iv. Percentage of work completed per specific task and the overall percentage completion.
- v. Other information that will be determined by either PSC or Service Provider.
- vi. Risks and mitigations and
- vii. Lessons learnt.

#### **C.3.1.5.3 Development of the RSWMP, and GIS and MIG Registration**

The successful Service Provider will be required to develop and submit to the DBSA and to the Lepelle-Nkumpi Local Municipality copies of the completed Reports in accordance with the scope of work.

The final reports are to be submitted as follows:

- i. Three original printed/hard copies and one (editable & non-editable) full electronic copies saved on External Hard Drive (external hard drive) submitted to DBSA.
- ii. Three original printed/hard copies and one (editable & non-editable) full electronic copies saved on External Hard Drive (External hard drive) submitted to the Respective Municipalities.

### **C.3.1.6 IMPLEMENTATION TIME FRAMES, ASSUMPTIONS, RISKS AND DEPENDENCIES**

#### **C3.1.6.1 Implementation Time Frames**

The DBSA anticipates this project to be completed and approved within fifteen (15) months from the Start Date which was outlined in the earlier sections of this report.

It is the responsibility of the PSP to provide all necessary resources required for the execution and successful completion of the scope of work within that period.

#### **C3.1.6.2 Underlying Assumptions**

The success of the envisaged services to be provided depends on the following assumptions:

- a) There is full buy-in, ownership and support from the Municipality regarding the support being provided

- b) The Sector Departments – Provincial and National COGTA, National Treasury, etc. provides full and sustained facilitation and assistance to the infrastructure planning and project implementation support provision.
- c) There is ongoing and sustained involvement and cooperation of all stakeholders including the local communities.
- d) Effective inter-departmental planning and co-ordination is established through a Program Steering Committee.

**C3.1.6.3 Risks and Risk Mitigation**

The PSP is responsible to identify relevant risks to the project and is expected to factor these risks into the Pricing Schedule and to take steps to mitigate these risks during providing the technical support. These risks may include:

- a) Limited information for the development of various infrastructure master plan.
- b) Lack of infrastructure data and information from the Municipality and other stakeholders.
- c) Insufficient stakeholder involvement.
- d) Protracted delays by municipalities and other stakeholders in providing available information.
- e) Unclear information and parameters from relevant stakeholders.

**C.3.1.7 REPORTING**

The PSP will report directly to the Project Leader/Manager of the DBSA and during the preparation of infrastructure master plan, the progress and final reports will be submitted to Project Leader/Manager and the municipality via the Project Steering Committee (PSC). All interim progress reports will be presented and discussed in the PSC between the Service Provider, stakeholders and role-players in the manner shown on Table 4 below:

**Table 4:** Schedule of Report Submissions and Meetings

No	Description	Time frame	Stakeholder/Role-player
1.	An initial Project Briefing between the appointed Service Provider, Municipality & DBSA	One week after appointment	PSC (DBSA, LM, PSP, COGTA, MISA, etc.)
2.	Project Implementation Master Plan	One week after appointment	PSC (DBSA, LM, PSP, COGTA, MISA, etc.)
3.	Draft Infrastructure Master Plan (for comment)	Two months prior to completion	PSC (DBSA, LM, PSP, COGTA, MISA, etc.)
4	Progress Reports	On a monthly basis	PSC (DBSA, LM, PSP, COGTA, MISA, etc.)
5	Final Infrastructure Master Plan	One month prior to completion	PSC (DBSA, LM, PSP, COGTA, MISA, etc.)
6	Completion of Close Out Reports	End of contract completion date	PSC (DBSA, LM, PSP, COGTA, MISA, etc.)

**C.3.1.8 ACCOUNTABILITY**

During the execution of this contract, the successful Service Provider will be required to work closely with the municipality’s relevant departments staff and DBSA – Project Manager. The PSP will report to the PSC in accordance with meeting schedule as provided in Table 4 and any others that the Service Provider will deem necessary for the execution of the project. The DBSA will be responsible and

accountable for the day-to-day activities of the Service Provider appointed and issue written instruction on behalf of the PSC.

### **C.3.1.9 PROJECT STEERING COMMITTEE**

Project Steering Committee (PSC) to be established to provide governance to the Project, promote effective cooperation between the parties, secure the involvement of key stakeholders, and to provide a forum for monitoring progress. The Terms of reference to be developed and adopted at the first sitting of the committee.

#### **C.3.1.9.1 Functions of the PSC**

This is to provide oversight for the operational issues associated with the provision of infrastructure planning support to under-resourced municipality. The PSC is responsible for monitoring projects budget, progress, benefits realized and monitoring risks, quality, and timeliness of delivery. The PSC's scope in terms of its functions is further elaborated below.

#### **C.3.1.9.2 Role of the PSC**

These include the following: -

- a) To provide oversight on the implementation of the Programme, the associated projects, and on the achievement of outcomes.
- b) Develop a framework for the joint identification by the Parties of priority municipality to be provided with infrastructure planning support.
- c) Ensure the scope of the Programme and projects aligns with the requirements of the stakeholder groups.
- d) Provide guidance on the operational issues of the Programme and projects.
- e) Provide oversight over the expenditure incurred and outputs achieved in order meet stakeholder expectations.
- f) Address any issue that has major implications for the Programme and projects.
- g) Monitor Programme scope and manage Programme scope changes.
- h) Reconcile differences in opinion and approach, and resolve disputes arising from them
- i) Make recommendation to the stakeholders for decision making.
- j) Approval of the payment Milestone
- k) Monitor compliance to legislation and statutory regulations in projects implementation.
- l) Monitor and evaluate Programme implementation and progress (both physical and financial).
- m) Provide guidance in addressing challenges and bottlenecks as they arise
- n) Oversee projects closure

#### **C.3.1.9.3 Minutes & related documents**

All proceedings and resolutions adopted at a particular meeting shall be recorded as Minutes. These Minutes shall be signed by the Chair. The PSP shall provide secretariat support, by assisting in the recording, compiling, and distributing Minutes and other related documents.

#### C.3.1.9.4 Frequency of Meetings

The Project Steering Committee shall meet every month and shall be held virtually and at the municipal offices when required.

#### C.3.1.10 CONTACT PERSON

Technical queries to be directed to the DBSA technical team through the DBSA Procurement Unit via email to [scmqueries@dbsa.org](mailto:scmqueries@dbsa.org) and the tender reference number is to be quoted.

## C4.1 Site Information

The indicative location of the Project Site is shown in the figure below:
